

New Products

Fresh Start

- Drench product for cattle
- Helps with rehydration through beneficial electrolytes
- Easily mixes with 5 gallons of warm water
- No need to give additional calcium or propylene glycol
- Balanced electrolyte solution
- Supplemental Vitamin E for a healthy immune system
- Yeast species to normalize the rumen and increase dry matter intake

Net Wrap

- Full width bale coverage
- Reduces time in the field baling
- Reduces weather related spoilage
- Easier to remove from the bale than traditional baler twine
- Better leaf retention
- Less loss in transport
- Easier on machinery than twine
